

MATSUKAZE GLUE

Rigorously Tested for Your Safety and Peace of Mind.

Proven Safety for Your Peace of Mind

Your safety is our top priority. That is why we choose Matsukaze glue. Every formula undergoes strict independent testing for:

- Primary Skin Irritation (Patch Test)
- Formaldehyde Levels

This commitment to testing verifies that our products are both highly effective and exceptionally gentle for your clients.

Uncompromising "MADE IN JAPAN" Quality

Our safety promise is backed by our start-to-finish production in Japan. Every step is completed in-house at our own facilities, guaranteeing strict quality control and consistent performance in every bottle.
